Ben –

Just curious, you and Mike mentioned the Pend Oreille TMDLs on the call the other day, what is the story with that? Lawsuits? Modeling problems? Is this for the lake or river? Could you point me to the documents that you guys have produced?

We're modeling the Flathead Lake watershed right now (LSPC), and I'm curious what you did for Lake Pend Oreille and its watershed. Fairly similar settings for both, I think...

Thanks!  
Jason
